ADDENDUM #01

TO THE BID FOR: B025-32 Citywide Paving

FOR: City of Meriden

BID DUE DATE: March 6, 2025 @ 11:00 AM

The purpose of this Addendum is to respond to/publish the questions received to during the pre-bid meeting, provide the pre-bid sign-in sheet, and include the prevailing wage rates.

**East Main Street Paving B025-32
Pre Bid Questions 2025-02-11**

1. Will there be any pavement coring or density testing on this project?

The City does not require any coring or density testing for this project.

2. What is the amount of millings the City expects to take and where would the location in which the material will be hauled to?

We will most likely take the millings from the work to be performed on Main Street, Stevenson Drive and Johnson Avenue as they are closest to the drop-off area located at the Airport in South Meriden.

3. Will notch wedge joints be required on this project?

Notch wedge joints are not required on this project. It is the City's expectation that the Contractor will not leave long longitudinal joints at the end of the work day by paving both sides of a roadway section to the extent possible.

4. Is any curbing proposed as part of this project?

No new curbing is proposed as part of this project. If curbing is damaged during construction, it will be the Contractors responsibility to make the necessary repairs.

5. Will bituminous apron repairs be limited to the same time restraints as the milling and paving operations?

No, the apron repairs will not be limited by the milling paving schedule. The City and the Contractor will coordinate the locations and schedule to perform the apron repairs.

6. Will a water station location be available to the contractor or will meters be provided for hydrant connections.

Water is available at the Water Department, 117 Parker Ave. This is located on the east side of town approximately 1.25 miles from Bee Street.

Please acknowledge receipt of all addenda in your Bid Submission.

Bid Delivery - Bids may be dropped off prior to March 6, 2025 either in person or by courier service. At this time the City does not have the infrastructure to accept electronic proposals and therefore proposals will only be accepted as directed in the Bid documents.

All classifications that indicate a percentage of the fringe benefits must be calculated at the percentage rate times the "base hourly rate".

Apprentices duly registered under the Commissioner of Labor's regulations on "Work Training Standards for Apprenticeship and Training Programs" Section 31-51-d-1 to 12, are allowed to be paid the appropriate percentage of the prevailing journeymen hourly base and the full fringe benefit rate, providing the work site ratio shall not be less than one full-time journeyman instructing and supervising the work of each apprentice in a specific trade.

--Connecticut General Statute Section 31-55a: Annual Adjustments to wage rates by contractors doing state work

--

The Prevailing wage rates applicable to this project are subject to annual adjustments each July 1st for the duration of the project.

Each contractor shall pay the annual adjusted prevailing wage rate that is in effect each July 1st, as posted by the Department of Labor.

It is the contractor's responsibility to obtain the annual adjusted prevailing wage rate increases directly from the Department of Labor's website.

The annual adjustments will be posted on the Department of Labor's Web page:

www.ct.gov/dol. For those without internet access, please contact the division listed below.

The Department of Labor will continue to issue the initial prevailing wage rate schedule to the Contracting Agency for the project.

All subsequent annual adjustments will be posted on our Web Site for contractor access.

Contracting Agencies are under no obligation pursuant to State labor law to pay any increase due to the annual adjustment provision.

Effective October 1, 2005 - Public Act 05-50: any person performing the work of any mechanic, laborer, or worker shall be paid prevailing wage

All Person who perform work ON SITE must be paid prevailing wage for the appropriate mechanic, laborer, or worker classification.

All certified payrolls must list the hours worked and wages paid to All Persons who perform work ON SITE regardless of their ownership i.e.: (Owners, Corporate Officers, LLC Members, Independent Contractors, et. al)

Reporting and payment of wages is required regardless of any contractual relationship alleged to exist between the contractor and such person.

~~Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clause (29 CFR 5.5 (a) (1) (ii)).

Please direct any questions which you may have pertaining to classification of work and payment of prevailing wages to the Wage and Workplace Standards Division, telephone (860)263-6790.
