

Sponsorship Opportunities

The Meriden Farmers' Market, now located on the gorgeous new Meriden Green at 24 Pratt St., has been providing CT grown farm-fresh produce weekly to hundreds of residents for the past eight years. Open on Saturdays for 16 weeks from July-October, the market provides specialty foods, on-site food preparation, non-food vendors, musical entertainment, health and nutrition information booths, and theme days with a variety of entertainment (such as bounce houses, face painting and pumpkin give-aways). It has also become a favorite place for folks to meet. But the market's primary mission is to provide healthy foods to local citizens while also supporting our Connecticut farmers.
