Recreational Fire Permit Process Temporarily Suspended

MERIDEN--The City of Meriden Fire Marshal has suspended the permitting process for recreational fires until further notice. All policies for recreational fires must continue to be followed but the fee and need to obtain a permit has been temporarily suspended. This decision was made due to the current COVID19 emergency and since people are currently homebound they should be able to enjoy the outdoors with their immediate family and have a recreational fire in their yard.

Policies to follow while hosting a recreational fire is [located on the City website](#).

Any inquiries should be directed to the Meriden Fire Marshal's Office (203) 630-4010 or alheureux@meridenct.gov
