“Remember, the first priority for everyone is to take appropriate steps to limit the spread of COVID-19 and ensure our entire community remains healthy.” – Joseph Feest, Director of Economic Development.

COVID-19 is having a great effect on our daily lives. One thing it has not hurt, or affected, is our way of staying strong and our commitment to our community business owners who have been working to stay open and keep everyone fed!

Many of Meriden's restaurants remain open and committed to helping the community. Below is an updated list of local restaurants that are working during this critical time.

Please help support our local businesses and stop by for their curbside, delivery or order online today!
