

PUBLIC NOTIFICATION

Important Information About Your Drinking Water

MONITORING AND/OR REPORTING VIOLATION

Este informe contiene información importante acerca de su agua potable. Haga que alguien lo traduzca para usted, o hable con alguien que lo entienda.

Date: May 27, 2025

PWSID: CT0800011

To: The Customers/Residents of Meriden Water Division

From: April 1, 2024 to April 15, 2024

Our public water system recently violated drinking water monitoring and/or reporting requirements. As a supplier of public drinking water, we are required to monitor the water quality of our water supply to ensure that it meets the current drinking water standards. Failure to conduct monitoring and/or report results of such monitoring to the State Department of Public Health Drinking Water Section constitutes a violation. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. We did not complete the monitoring or did not report the results for the requirement(s) listed below:

E. Coli (WSF ID: 1360 - Evansville Ave East Well; Monitoring Period: April 1, 2024 to April 30, 2024)

What is being done?

The following areas have been affected:

No customer areas were affected. Evansville WTP adds into a blended system.

The following steps are being taken to correct this violation:

Operators will double check all monitoring was done prior to shutting a WTP off for a long period.

We expect to return to compliance or resolve the situation by 3/18/25
(date)
