Water Outlet Inventory – School and Childcare Facilities

To be completed with Arcadis representative during walkthrough.

School District/Organization Name:	Facility Name:
Address:	Contact Phone Number:

Use this guide to identify which water outlets should be sampled to meet EPA LRCC/I requirements. Only sample outlets used for eating, drinking, or cooking. Include any outlets with dual purposes, such as those used for both dishwashing and filling bottles for consumption.

Outlet Types – Acceptable for Sampling	Outlet Types – Not Accepted
<ul style="list-style-type: none"> • Bottle Fillers • Drinking Water Fountains • Kitchen Faucet (Used for Food and Drink Preparation) • Classroom faucet (or other outlet) used for drinking • Nurse's office faucet 	<ul style="list-style-type: none"> • Outlets with point-of-use (POU) devices installed cannot be sample sites unless all outlets used for consumption have POU devices installed • A POU device would be faucet-mounted filters.

No.	Site ID/Label	Outlet Location	Description Of Outlet
ex.	MWD_1	First floor	Water fountain next to Rm 102
