RFP023-42 Mobile Food Truck
City of Meriden, CT
Meriden Public Schools

1. INTRODUCTION

Meriden Public Schools in Meriden, CT is a low-income urban district that provides school meals at no charge to all families, regardless of income. To increase participation in its meal programs, community events and to further market the district's food services program in the community, purchase of a food truck is being considered.

During the summer months, only one in six children who participate in school lunch comes to a summer meal site for food. Childhood hunger exists nationally and food insecurity is widespread in low-income communities. Learning loss and subsequently academic achievement exist as a result of poor summer nutrition when healthy school meals are less readily available. A non-CDL food truck would, permit us to increase the access to food for the children of our community and allow for a more efficient and wide-reaching program.

We anticipate that no more than 1,000 meals will be served off the food truck at one time. Most likely, 500 or fewer will be served over a 3-hour period with approximately 6 stops, serving 50 - 100 children per stop. In these instances, we anticipate a maximum of 3 people in the truck at any given time. Air conditioning in the rear of the truck will be required.
