

## INSTRUCTIONS FOR FINDING YOUR POLLING LOCATION (WHERE DO YOU GO TO VOTE?)

Pages a and b of this document contain a list of polling locations with their addresses. The subsequent pages (1-28) list every street in Meriden with corresponding address ranges and polling locations. Below are the steps to determine where you go to vote.

- Find your street in the list that begins on the page marked “Page 1” of this document (3 pages down).
- Find your house number within the range of numbers under the column marked “RANGE”
- Locate the column marked “SIDE”
  - A = Both side of the street vote at that polling place
  - E = Only the even numbered houses on that street vote at that polling place
  - O = Only the odd numbered houses on that street vote at that polling place
- Locate the column marked “POLLING PLACE” and refer to pages a and b of this document to find where this polling place is located.

### > Example: My house is located at 142 East Main St.

- I find East Main St listed on page 7 of this document
- I find where 142 fits in the “RANGE” column.
  - 142 lies between 14-206
  - This line also has a SIDE value of E, so refers to all even numbered houses
- My Polling Place is St Rose Community Center.
  - To find the address of this polling place, I can refer to the polling locations on the next two pages.
