From: The City of Meriden
RE: Single Stream Recycling

Because of changes to the recycling regulations, the receiving facility that takes our recycled material has started rejecting loads that contain trash or other non-recyclable materials. **No trash, trash bags, plastic bags (i.e. Stop & Shop, Home Depot, etc.), or other non-recyclable materials should be disposed of in your blue recycle container.** If trash or other unacceptable material is placed in this container, you will need to remove it and place it in a trash can.

Until this is done, your cart will not be picked up by the contractor. Please instruct all residents regarding what type of materials are allowable in the recycle containers. If the violations continue, the City will begin issuing fines for repeat offenders.
